PROJECTS

- GramGram

[MongoDB](#) | [NodeJS](#) | [Express](#) | [AngularJS](#) | [Youtube-Embed API](#) | [Angular Auth with JWTs](#) | [Bootstrap](#)

Bring your letters to life with the digital miracle known as Gram Gram. Talented strangers will take your words and perform them in the style that you choose so you can get your message to the person intended in the WAY you want it to be said.
- Roadtripp

[HTML](#) | [CSS](#) | [JS](#) | [jQuery](#) | [NodeJS](#) | [Express](#) | [MongoDB](#) | [Google Maps API](#) | [Google OAuth](#) | [forecast.io](#)

Roadtripp is a web app that allows users to plan out their dream/upcoming road trip and know what weather will be like in the places they are going to.
- Buskr

[HTML 5](#) | [CSS 3](#) | [Sass](#) | [JavaScript](#) | [Bootstrap](#) | [Ruby](#) | [Rails](#) | [PostgreSQL](#) | [Devise](#)

Buskr is an application intended to enable people who saw performers on Santa Monica's Third Street Promenade to be able to post their favorites, find performers they didn't get the website of, browse what impressed other users, or find more information on upcoming performances of performers they saw.
- Trivia Hangman

[HTML](#) | [CSS](#) | [Javascript](#) | [Animate](#) | [jQuery](#) | [p5.js](#) | [Canvas](#)

A 1980s themed Video Game incorporating two of the best loved game formats - Trivia and Hangman. Play a round - I bet you'll learn something new! Information gathered through Reddit and researched for accuracy.

ABOUT ME

Instruments: Guitar, dobro, clarinet, mandolin
bass guitar, piano, banjo,
pandeiro, cajon, voice, more.

Interests: History, philosophy, languages,
juggling, stir-frying vegetables,
bicycling, hiking, the outdoors

SUMMARY

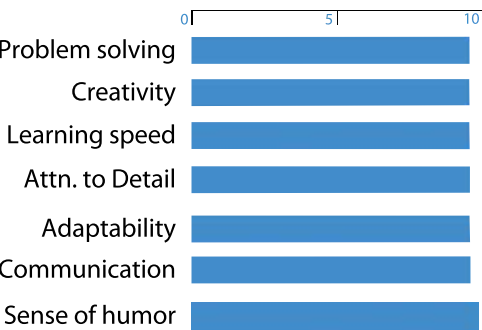

“ As a developer with a wide ranging background in Cognitive Science, web design, usability, music, and teaching, I've been able to cohesively translate many seemingly unrelated skills into the world of web development, yielding a concentrated dose of fresh approach, humor, and hard work that I bring to whatever I'm doing.

SOFTWARE SKILLS

Web Development: [HTML5](#) | [CSS3](#) | [Bootstrap](#)
